NEDLAND INDUSTRIES, INC MANUFACTURERS LIMITED COMPACTOR WARRANTY

Nedland Industries, Inc. warrants each new compactor to be free from defects in materials and workmanship under normal use and service. Nedland's obligation under this warranty extends for a period of five (5) years on structure, one (1) year on electrical and hydraulic components, Six (6) months labor, and is limited to approved labor for the replacement on any defective good, from the initial date of shipping the compactor unit from the Nedland manufacturing plant located in Ridgeland, Wisconsin. This limited warranty shall apply only to the original installation of the compactor unit in question.

Extending for four (4) years past the last day of the one (1) year warranty period noted above, Nedland provides a pro-rated limited warranty on original installation goods found defective in material or workmanship. This shall be limited to the original installation of the hydraulic power unit and its internal parts. No labor charges or costs of any type shall be covered during this four (4) year period. No travel costs of any type shall be covered during this four (4) year period. Goods found defective and covered under this four (4) year period shall be valued pursuant to the following formula. The total number of months the original power unit has been in service (rounded to the nearest whole number) divide the number of total months in service by sixty (60) take the result of dividing the total number of months in service by sixty (60) and multiply that number by the current Nedland over the counter sale price for the good in question (excluding shipping and tax) the results is the warranty value to be applied to the purchaser's account. During this four (4) year period, the purchaser shall be responsible for prepaying all shipping costs.

Limited one year warranty items include motors, pumps, PLC controllers, hoses, cylinders, fittings, interlocks, thermal/voltage and current limiting devices and UHMW wear bars. These items have a six (6) month labor warranty period. This warranty excludes any damage caused by an act of nature, misuse, misapplication, negligence, alteration, tampering, phase loss and any obligation by Nedland for the loss of product, down time or any other incidental or consequential damage incurred at any time. Nedland neither assumes nor authorizes anyone to assume for it any other obligation or liability in connection with such compactor.

Any goods submitted to Nedland for warranty coverage shall be returned to the Nedland manufacturing plant in Ridgeland, Wisconsin with the valid Nedland serial number and power unit number. Failure to provide the valid Nedland serial number and power unit number shall void this warranty. During the warranty period, any good manufactured by Nedland, found by Nedland's to be defective in material or workmanship will at Nedland's discretion be repaired, replaced or credited to purchaser's account. If the good is found defective in material or workmanship, Nedland shall at Nedland's discretion, repair the good, replace the good or credit the purchaser's account in the amount of the current Nedland's over the counter sale price of the good (excluding shipping and taxes). Prior to Nedland repairing, replacing or crediting the purchaser's account for the defective good, the purchaser shall return the good to the Nedland manufacturing plant in Ridgeland, Wisconsin at purchaser's expense, prepaid.

If Nedland chooses to repair or replace the defective good, the purchaser shall prepay shipping cost to the destination provided by purchaser. If Nedland choose to credit the purchaser's account, the amount shall be credited to the oldest outstanding balance if any; otherwise the credit will be applied to the next debit applied to the purchaser's account. During the warranty period, Nedland's responsibility for the cost of labor to repair or replace a defective good covered under this limited warranty, shall not exceed the flat rate labor schedule available from Nedland's

This warranty is the only warranty applicable to units manufactured by Nedland Industries and is expressly in lieu of all other warranties expressed or implied including any implied warranty of merchantability or fitness for a particular purpose.

Replacement parts are subject to a 30 day warranty and are specifically excluded from the standard warranty.

It is the responsibility of Nedland customers to install the compactors in conformity with all applicable codes and regulations. Failure of Nedland customers to be on site at the time of installation and start-up shall void any labor and mileage obligation under this warranty. Nedland furnishes with each unit an Operating and Service Manual and electrical schematic. Nedland customers must train authorized operators in safe operation and use of the unit, the manuals should be retained for future reference and use.

No claims will be accepted for normal pre or post delivery inspection, lubrication, or adjustments. All units are inspected at the time of manufacture, but the shipping process can loosen fittings and possibly change adjustments. The time involved in the pre or post delivery inspection and adjustments must be a part of the installation charge to the owner.

In cases where no flat rate hours are prescribed or the claim shall exceed the flat rate, the customer shall contact Nedland with an estimate of hours required. In cases of failure of equipment which will require repair by welding, rewelding or fabrication of additional steel, the customer shall again be required to obtain prior approval of method and procedure by Nedland and a prior agreement on amount of allowance. Failure to comply with this procedure will result in rejection of the warranty claim and void the warranty coverage.

During warranty period, travel time directly related to the repair of a defective good shall be reimbursed at a rate of \$50 per hour with one time only allowance. Return trips to repair site shall not be covered under this limited warranty. No payment shall be made for labor charges during the travel time period.

No claims will be allowed for loss of hydraulic oil except in the cases where failure of a defective component clearly indicated the loss of a major portion of the oil in the power unit. No claims for hydraulic oil will exceed the capacity of the power unit; the allowance for oil shall not exceed \$7.50 per U.S. gallon. No warranty will be made for replacement which our inspection shows not to be defective.

The current labor rate for warranty repair is \$85 per hour.

Proper maintenance and repair are essential for the safe and reliable operation of Nedland compactors. The operating instructions are not intended as a substitute for training and experience in the proper use and safety procedure in operating this equipment. Anyone who uses service procedures or tools which are not recommended by Nedland assumes all risk to person, equipment, and property. Misuse, Misapplication, Negligence, Alteration, Tampering, Phase loss, Accident or act of God void this warranty. Only factory original replacement parts or equivalent should be used to ensure proper operation of Equipment.

Failure to comply with all procedure listed above will void warranty claims.

This warranty supersedes all warranties prior to 9/27/22.
